

Wednesday 18 November

3.30 - 4.30pm

in the Pioneer Park Tent during Thyme Week

Tutor: Helen Hillis

Cost: \$2 per child

Create a little garden in your own recycled container e.g. old shoes, pots, old watering can or any containers you have at home - be creative!

Seeds and small edible plants will be supplied. Helen will also supply some potting mix but if you bring a very large container you will need to bring your own potting mix to fill it up.

Mums welcome particularly with small children.

Helen Hillis has run a garden maintenance and design business in the Alexandra for 12 years, whilst the family garden has been developed over the last 19 years. Helen has taken many workshops in the past for REAP, including water-tight gardening, frugal living and edible gardening. Planting in containers is a fun way of encouraging children to take an interest in gardening, whilst watching the plants grow and develop.

Book a place on this workshop at:

Central Otago REAP
17A Brandon Street
Alexandra
(03)448-6115 or 0800 267-327
Email: admin@coreap.org.nz
